

Dive Monkey Kids

We cater for divers of all ages – including the youngsters!

From the age of 8 years and upwards, DM Scuba are able to offer diving experiences to suit budding mermen and mermaids.

We are able to offer the full PADI Open Water diving courses to children from the age of 12, subject to the instructors discretion. These can be combined with adult courses if required, allowing the whole family to learn to dive together!

Let your child test the water with a 'Discover Scuba Dive' or 'Bubblemaker' pool session!

This will introduce them to the basic equipment and skills involved in scuba diving and gives them their very first scuba diving experience in a swimming pool.

The 'Discover Scuba Diving' involves some basic verbal theory on what to do and what not to do and gives them approximately 60 minutes of in water enjoyment. The cost of this much fun? Only **£25**. (discounts for groups of 4 or more) **no more than two children per instructor**

All they'll need is a swimming costume and some enthusiasm - we supply the rest. If you have your own pool then we can supply equipment and staff for a pool party with an added dimension - you can really give your friends a memorable experience!

Bubblemaker

If your child is 8 years old or over and able to swim, we can give them the chance to complete a Bubble maker course in our swimming pool.

This course, designed especially for children, will allow them to safely experience the thrill of scuba diving for the first time. Under direct guidance from our experienced instructors, they'll learn to use proper Scuba equipment and breathe underwater. At the end of the session, they'll get a special certificate to commemorate their achievement.

Seal Team

The PADI Seal Team is for young divers who are looking for action-packed fun in a

pool by doing exciting scuba Aqua Missions.

Have you ever wondered what it's like to dive with flashlights, take digital pictures underwater or float effortlessly like an astronaut? These are Aqua Missions that introduce you to wreck, navigation, buoyancy, underwater photography, environmental awareness and more.

Here's there chance to do some cool stuff in the pool, meet friends and share in the adventure of the underwater world.

The Fun Part

The best part of the Specialty Aqua Missions is they reinforce safe diving skills while the kids are having fun. PADI Seals get to sample a wide variety of dives.

In addition, it provides parents with a structured program that lets their children develop skills, learn about the aquatic environment and have a lot of good, clean fun. This is also an excellent way to introduce kids to scuba diving prior to full Open Water Diver certification.

Please feel free to contact us for any further information on:

(This is a "One on One" price; this is reduced for larger groups)

About DM Scuba

The Dive Monkey Club started out in 2005 taking people diving but we soon found that there was a real need in the South West area for good quality PADI instruction so DM Scuba was formed. We provide training from entry level 'Open Water Diver' all the way to PADI professional levels. Invariably, this training is of the very highest standard, ensuring that your scuba diving experience will not only be safe and educational, but **fun as well!**

PADI

The Professional Association of Diving Instructors is the world's largest scuba diver training agency and all PADI qualifications are valid worldwide and last a lifetime.
